SELECTION CRITERIA

Studyboard Gujarat State –SSC-Scholarship is for high-caliber students with the personal, intellectual and interpersonal qualities.

GTP ONLINE SERVICES – will conduct two round test/Exam on its website www.scholarship.studyboard.in

50 High scorer students from first round will eligible for second round exam.
From 1 to 20 ranks in second round exam will award with **Studyboard Gujarat State –SSC-Scholarship**.

Points calculate in assessment and Question comes:

It's automatic by software like below pattern:

Mathematics: 10 questions of mathematics are divides in 4 Level:

1st level contains 1 marks/point questions

2nd level contains 2 marks/points questions

3rd level contains 3 marks/points questions

4th level contains 4 marks /points questions

For every contestant 1st question will come from 1st level and if students will give right answer 2nd question will come from 2nd level. Now suppose student gave wrong answer for 1st level question the 2nd question will come from 1st level.

Suppose student reach at 4th level and gave wrong answer the next question will come from low level in case of this 3rd level.

So to get more points/marks you must have gave right answer for all questions.

For understanding purpose

Student-A			Student-B		
1st question	**Level-1**	**Points**	1st question	**Level-1**	**points**
	If wrong	**0**		**If right**	**1**
2nd question	**Level-1**		2nd question	**Level-2**	
	If right	**1**		**If right**	**2**
3rd question	**Level-2**		3rd question	**Level-3**	
	If wrong	**0**		**If right**	**3**
4th question	**Level-1**		4th question	**Level-4**	
	If right	**1**		**If right**	**4**
5th question	**Level-2**		5th question	**Level-4**	
	If right	**2**		**If right**	**4**
6th question	**Level-3**		6th question	**Level-4**	
	If right	**3**		**If right**	**4**
7th question	**Level-4**		7th question	**Level-4**	
	If wrong	**0**		**If wrong**	**0**
8th question	**Level-3**		8th question	**Level-3**	
	If right	**3**		**If wrong**	**0**
9th question	**Level-4**		9th question	**Level-2**	
	If right	**4**		**If right**	**2**
10th question	**Level-4**		10th question	**Level-3**	
	If right	**4**		**If right**	**3**
	If wrong	**0**		**If wrong**	**0**
Number of Questions: 10	**If last question is right**	**Gain point =18**	**Number of Questions: 10**	**If last question is right**	**Gain point =23**
	If last question is wrong	**Gain point =14**		**If last question is wrong**	**Gain point =20**

Science: 10 questions of Science are simple MCQ.

Each question has 1 point. So if answer is right you get 1 point if answer is wrong you get 0(Zero).

Now in above example

For understanding purpose -Science

Student-A		Points	Student-B		points
1st question	If wrong	0	1st question	If right	1
2nd question	If right	1	2nd question	If right	1
3rd question	If wrong	0	3rd question	If right	1
4th question	If right	1	4th question	If right	1
5th question	If right	1	5th question	If right	1
6th question	If right	1	6th question	If right	1
7th question	If wrong	0	7th question	If wrong	0
8th question	If right	1	8th question	If wrong	0
9th question	If right	1	9th question	If right	1
10th question	If right	1	10th question	If right	1
	If wrong	0		If wrong	0
Number of Questions: 10	If last question is right	Gain point =7	Number of Questions: 10	If last question is right	Gain point =8
	If last question is wrong	Gain point =6		If last question is wrong	Gain point =7

For student A- Total point = Gain points in mathematics + Gain points in Science
$$= 18 + 7$$
$$= 25$$

For student B- Total point = Gain points in mathematics + Gain points in Science
$$= 23 + 8$$
$$= 31$$

Important Instructions for Studyboard Gujarat State –SSC-Scholarship
