Why Parth Ashram Conducts Scholarship Program?

The very purpose of existence of Parth Ashram is to nurture and promote talent so that they come out with TOP RANKS in various Competitive Examinations. Parth Ashram wanted to ensure that dearth of resources does not become a stumbling block for any talented aspirant to realise the goal to clear competitive examinations and any talent is not wasted. A young talented mind is a boon to the nation and must be nurtured at all costs.

In the process to take this idea to its logical end, Parth Ashram became the only institute to start a program for promoting and nurturing talent and thereby fulfilling its social responsibilities by ploughing back to the society, from the very first year of its establishment.

Parth Ashram conducts a Scholarship Program, across the length and breadth of the state every year, to identify and felicitate talented students by awarding them attractive scholarships. Not only the response of students as well as parents has been overwhelming each year but also getting better with each passing year. We do not stop here but go an important step ahead and create an elite batch comprising of extremely talented students from those felicitated students itself which is named Parth Rankers.

Why Hindustan - Parth Ashram Scholarship Program(HPSP) 2018-2019 ?

This year Parth Ashram has taken a conscious decision to exponentially increase its reach and take this program to every home in every nook and corner of the state and so has partnered with none other than the best newspaper which has the largest leadership and circulation in the state that is Hindustan. It is obvious that with the dual advantage of the respect and repute of Parth Ashram and the reach of Hindustan, the response will be historical and the best brains of the most talented state, where education is given the foremost importance will participate in the Hindustan Parth Ashram Scholarship Program(HPSP), and so even the most talented students may not make it to the elite Parth Rankers.

To take care of this, for the first time Parth Ashram will create another batch, which will be given almost the same importance as Parth Rankers known as Aadarsh Batch.

The students of Aadarsh batch will be the challengers to the Parth Rankers and there will be a neck to neck competition between the two.

For Parth rankers to continue there itself, and for Aadarsh Batch to get in Parth Rankers.

We are sure that many more talented students would still be there and Parth Ashram will be honouring them with attractive scholarships

Why Every JEE / NEET Aspirant must appear in Parth Ashram Scholarship Program(HPSP)?

- Performance is benchmarked against a vast pool of talented students
- Opportunity to be a part of Elite PARTH RANKERS batch जहाँ रहना, खाना और IIT/MEDICAL की तैयारी निःशुल्क

Myself, Himanshu owe my success in the feet of my teachers of Parth Ashram, parents, uncle & my grandfather. The teachers here as Parth Ashram are quite supportive, enthusiastic. To an average student like me, the teachers like BS, RK, AK, KK, ANURAG, RK helped me & in me & helped me transform my thought process which had been deliniated by the poor taste of failure last year. Mr. Kundan Raj, the director, guided me every moment & made me believe that I can do it. My family members like my brother Akash & uncle provided me moral support every now & then. Last year, I had a phobia for inorganic chemistry but this time due to KK and Anurag, I had an upper hand in it. So I want to thank everyone, especially Parth Ashram in shaping me, who I am. They helped me improve my JEE MAINS mark by 50. Akash Akash is there is a key to success for an average student like me, that is Parth Ashram. Parth Ashram had work under the footstep to unlock the hidden treasure.

About Parth Ashram

Hi,
I am Adarsh Kashyap and I secured NEET AIR-3492 (20C rank-828). Last year I scored just 250 marks and this year my score improved to 594. I joined Sanjeevani Parth Ashram Program last year. All the teachers here are well qualified & render their supervision and constant guidance. I achieved my goal. Now my Physics and Chemistry really improved much compared to last year because of exhaustive questions solving and consistent study that teachers advised me to do. There we got a far better study environment because here all students were hard working and sometimes they inspired me too. Parth Ashram is a good platform for every good student.
At last I would say the credit of my success undoubtedly goes to my parents, Parth Ashram and all the teachers here who supported me throughout my preparations.
